Thanks Gary. I will review through it tonight. I decided to come down here today and went by the site and no activities were occurring as of 4 pm. I plan on running by around 9 am to see if they are starting early. If not, I will be there around noon.

Have a safe trip down.

Brian,

The final work plan for the San Jacinto work this week is attached. I now plan to be at the site about 4 pm on Tuesday.

Thanks,

Gary Miller

David,

The EPA approves the revised work plan. FYI, I plan to be at the site Tuesday afternoon, 12/29/15.

Thanks,

Gary Miller

Subject: Revised Work Plan - San Jacinto River Waste Pits Superfund Site

Gary – Please see the attached subject work plan that was revised based on comments received from you on December 22, 2015. The contractor, USA Environment, LP, is scheduled to start mobilizing equipment tomorrow; however, they will not begin placing geotextile or rock until Wednesday. The hope is to load rock Wednesday morning at Blue Bonnet, start transporting and placing rock on site when the first truck arrives, and try to finish late Wednesday or Thursday.

We have tentatively set up the surveyors to come by when the construction is complete.

Please let me know if you have any concerns.

Thank you,

David

David Keith, Ph.D., P.G., C.Hg.
